

*I've got such a lonely heart*-Joe Bradshaw 6/2000

G C G C

*Verse 1*

C

Just the other night, Underneath the light,

G

Of a full moon,

G

It felt so right, when I held you tight,

C

And danced close to you.

C

With a slow dance, and a little romance,

G

I looked into your eyes.

G

I played a fool's part. Oh, how you broke my heart,

C

When you said 'goodbye'.

*Chorus*

C G

I've got such a lonely heart.

C

I don't have anyone to call my own.

G

I don't have anyone at night to hold

C

While I dream about you.

G

I've got such a lonely heart.

C

Ever since the night you said 'goodbye'.

G

I don't have anything to do but cry

C

And feel so blue.

C G C

*Verse 2*

C

I had another drink and started to think

G

How much I missed you so,

G

About our broken love, it would be so tough

C

Oh, to let you go.

C

Too many lonely nights and a lot of fights,

G

It was more bad than good.

G

Despite all the pain, I'd take you back again

C

Like I said I would.

*Chorus*

C G

I've got such a lonely heart.

C

I don't have anyone to call my own.

G

I don't have anyone at night to hold

C

While I dream about you.

G

I've got such a lonely heart.

C

Ever since the night you said 'goodbye'.

G

I don't have anything to do but cry

C

And feel so blue.

*Bridge*

G

One day I'll be out from your spell

C

When, baby, I just can't tell

G

I'll find true love in the end,

C

But, darling until then

*Chorus*

C G

I've got such a lonely heart.

C

I don't have anyone to call my own.

G

I don't have anyone at night to hold

C

While I dream about you.

G

I've got such a lonely heart.

C

Ever since the night you said 'goodbye'.

G

I don't have anything to do but cry

C

And feel so blue.
